PreK-12 Notification System

Arcadia School will once again use the school-to-family communications service called **PreK-12 Notification**. We will use this service to deliver both emergency and non-emergency messages to you via telephone for 2016-17 school year. Using PreK-12 Notification, we can quickly contact all families - in a matter of minutes - with urgent news such as school closings, early dismissals, delayed buses or rescheduled activities. We will also use the service to provide timely non-emergency information such as reminders about important meetings or special events at school that involve your children. In the case of school closings, this service is meant to be a compliment to the existing means of communications, TV stations, radio stations, etc. We will continue to utilize ALL of these mediums in the event of a school closure and/or delay.

Your primary phone number will be supplied to PreK - 12 Notification Service. Each family may add up to four telephone numbers. In an emergency the message will be delivered to all of your numbers.

Families that wish to include additional phone numbers may do so by calling the PreK-12 Notification Parent Hotline at 1-800-846-4976. For security reasons, you must call from your Primary phone number to manage your personal emergency contact list.

Please update your information if it has changed from last year.

Welcome to Preschool

We are so excited to see all our old friends and get to know our new friends. This year we are welcoming 2 new teacher's aides to our classrooms, Jennifer Clymer and Lori Rader. Ms. Clymer, Ms. Karen and I will be teaching the morning class while Ms. Clymer, Ms. Lori and I will be teaching the afternoon class.

We look forward to see you at our meeting August 1st at Arcadia, the parent peer model meeting on August 7th at the Hancock ESC and at the school openhouse on August 14th.

If you have any questions please email veral@hancockesc.org

From Superintendent Bruce Kidder:

The summer has been a very busy here at the school. We are starting to demolish the temporary classroom and will begin to replace them with a permanent structure. This should be completed by the start of next school year. This will cause the elementary drop-off /pickup to be moved to the High School side with entry and exit being off of Main Street. This project will also reduce total parking spaces available next school year. Please be patient as work through the many challenges of the construction project. The outside of the High School and gymnasium have been tuck-pointed and sealed. The bleachers in the gymnasium have been replace and repaired. We are also starting to upgrade restrooms to accommodate the needs of our students, staff and guests.

The Board has approved the hiring of Tim Saltzman as the districts Security Director. Mr. Saltzman comes to the district with a solid background in security and safety. Mr. Saltzman and Mr. Golden will be starting this coming school year as Co-Athletic Directors. I would like to thank Mr. Ludwig for his time as Athletic Director and all the positive changes he has made. I look forward to the start of the school year and welcome anybody who has questions or suggestions to contact the school.

From the MS//HS Principal

Welcome back students and staff for the 2018-19 school year. I am very excited to begin this year after completing a successful 2017-18. There are several new items of importance that I would like to share with students and parents as we begin this year.

Our first event for students and parents is the annual Back to School/Schedule Pick Up. Starting at 11:00 am on Monday August 13 students will be able to pick up schedules, pay school fees, put items in their lockers and locate their classes. At 5:30 pm incoming 7th grade students and any new students to the school are invited to attend an orientation meeting to introduce them to Arcadia HS/MS.

Our Meet the Teams introduction of student athletes this year will be held on August 9. The evening's events will begin at 4:30 pm at the park with the Lions Club Chicken Dinner. As the dinner ends at 6:00 pm parents and community members are invited to the gymnasium for Meet the Teams which will occur between the JV and Varsity Volleyball scrimmage. I encourage everyone to come out and support the Lions Club and the student athletes of Arcadia HS.

As the 2018-19 school year begins I want to wish our students and staff the very best of luck this year. I would like to officially congratulate the senior class of 2019 for your past successes and hope for a great senior year for all.

Finally, there are several dates of importance to place on your calendars.

August 9	Meet the Teams	
August 13	(Schedule Pick Up & Fee Payment)	11:00-5:30 pm
	New Student/7th Grade Orientation	5:30 pm
August 15	First Day of School	
August 30-Sept 3	Fair Break	
September 6	HS/MS Picture Day	

I am looking forward to another great year. At any time if any student or parent has a question regarding the activities that take place at our school, please do not hesitate to contact the classroom teacher or our office.

Bill Dobbins
Principal

Please Notify Us!

Please report any changes in address and/or phone numbers to the school as soon as possible.

We need to maintain the most current information on each student. Please help us by notifying us of any changes that take place. This guarantees that all correspondence from the school reaches your home as quickly as possible. Many people are opting to use their cell phones as their main line. If you no longer have a 'land line', please let us know.

If you move within or out of Arcadia School district we need to know this as soon as it happens. Your cooperation with this is greatly appreciated! We need to be able to contact you in the event of emergencies or notices that effect your children.

Search for Children with Disabilities

School districts across the state of Ohio are participating in an effort to identify, locate, and evaluate all children from birth through twenty-one years of age who may have disabilities. Disability, in this instance, means such conditions as hearing impairments, speech or language impairments, visual impairments, specific learning disabilities, multiple disabilities, mental retardation, emotionally disturbed, other health impairments, autism, traumatic brain injury, and physical impairments.

Public schools have responded vigorously to federal and state mandates requiring the provision of a free appropriate public education regardless of a child's disability. But before school districts can serve children, they must be found. Many children with disabilities are not visible because they do not function in the mainstream of the community, such as children who are homeless and children of migrant families. Also, many unidentified children with disabilities are preschoolers. Parents may not be aware their child has a disability or that there are programs and services available.

The school district will ask for information about the child, asking such questions as: What is the problem? What has already been done about the problem? What background information is available? This information may be collected in several ways including interviews, observations, screening, and testing. This information may be obtained from parents and the student, or from other agencies that have information about the student. This information will be used to decide whether the child has a disability and needs special services.

All information collected will be held in strict confidence and released to others only with parent permission or as allowed by law. For example, the school district will send records on request to a school district or other educational agency in which a student intends to enroll. The parents may have a copy of those records upon request.

The school district will keep a record of all persons who review confidential records with the exception of authorized school employees, or other educational agency personnel. The school will also maintain a list of those employees who may have access to records.

The school district or other educational agency will inform the parents when personally identifiable information collected, maintained, or used is no longer needed to provide educational services to the child. All personally identifiable data will be kept for at least five years or longer if required for audit purposes, or otherwise required by law.

Parents and students have rights in this process. Parents have the right to:

- ◆ Review their child's records;
- ◆ Refuse permission to release information (except as required by or permitted by, law to be released); and
- ◆ Request that information they believe to be inaccurate, misleading, or in violation of their child's privacy or other rights be changed. The district has a process to resolve disagreements about information collected.

The school district has appointed one person to make sure that information about students is kept confidential. Contact your school district board of education office for this person's name.

The school district's policies and procedures for special education are available. Contact the school district superintendent.

The school district operates an Educational Management Information System (EMIS) that assures a practical method of identifying which children are currently receiving special education services and which children are not. Certain data regarding children are maintained within this system.

School districts are interested in meeting the needs of children with disabilities. If you have or know of a child who may have a disability, contact your local school for more information and help.

IDEA-B FUNDS

The Arcadia Local Schools will once again be receiving Title VI-B Funds for the 2017-2018 year. These funds are used to supplement special education and special needs programs already in place in the school district and county.

This allocation is earmarked to help pay for the special education services Arcadia students receive through the Hancock County Educational Service Center. The school system would like to continue to use its IDEA-B money for this purpose.

If you have any questions or comments pertaining to the use of these funds or our special education programs, please contact the superintendent's office at 419-894-6431.

HOMELESS STUDENTS

Children who meet the Federal definition of "homeless" will be provided a free and appropriate public education in the same manner as all other students of the District. To that end, homeless students will not be stigmatized or segregated on the basis of their status as homeless and will be assigned to the school serving those non-homeless students residing in the area in which the homeless child is actually living. No homeless student will be denied enrollment based on a lack of proof of residency. No Board policy, administrative guideline, or practice will be interpreted or applied in such a way as to inhibit the enrollment, attendance, or school success of homeless children.

Homeless students will be provided services comparable to other students in the District including:

- transportation services;
- educational services for which the homeless student meets eligibility criteria including services provided under Title I of the Elementary and Secondary Education Act or similar State and local programs, educational programs for children with disabilities, and educational programs for students with limited English proficiency;
- programs in vocational and technical education;
- programs for gifted and talented students; and
- school nutrition programs.

If you need further information, please contact Bruce Kidder at 419-894-6431.

Student Records and Directory Information

In order to provide students with appropriate instruction and educational services it is necessary for the District to maintain extensive educational and personal information. It is essential that pertinent information in these records be readily available to appropriate school personnel, be accessible to the student's parent(s) or the student in compliance with law, and yet be guarded as confidential information.

The Guidance Counselor is responsible for the proper administration of student records in keeping with Ohio Law and Federal requirements and the procedures for the collection of necessary information about individual students throughout the District.

Upon request, all records and files included in student's cumulative file are available to parent(s) or the student (if he/she is over eighteen years of age). This request must be in writing and is granted within even calendar days. No records are to be removed from the school; principal, teacher or other qualified school personnel must be present to explain any of the tests or other material.

All rights and protections given to parents under law and this policy transfer to the student when he/she reaches age eighteen or enrolls in post secondary school. The student then becomes an "eligible student".

The District provides notice to parents and eligible student annually, in accordance with the procedures set forth under administrative regulations, of the rights held by parents and eligible students under law and this policy. It is the intent of the District to limit the disclosure of information contained in the student's education records except by prior written consent, as directory information, and under other limited circumstances as enumerated under administrative regulations.

The following rights exist:

- the right to inspect and review the student's education records;
- the right, in accordance with administrative regulations to seek to correct parts of the student's education records, including the right to a hearing if the school authority decides not to alter the records according to the parent(s) or eligible student's request;
- the right of any person to file a complaint with the U.S. Department of Education if the District violates relevant Federal law, specifically the Family Education Rights and Privacy Act (FERPA); and
- the right to acquire information concerning the procedure which the parent(s) or eligible student should follow to obtain copies of this policy, the locations from which copies may be obtained, as well as any fees to be charged for such copies.

The District proposes to designate the following personally identifiable information contained in a student's education records as "directory information"

- ◆ Student's name;
- ◆ Student's address;
- ◆ Student's photograph;
- ◆ Student's date of birth;
- ◆ Student's extracurricular participation; and
- ◆ Student's weight and height, if a member of an athletic team.

The above information is disclosed without prior written consent, except when the request is for a profit-making plan or activity.

Administrative regulations set forth a procedure for annual notification to parents and eligible students of the District's definition of directory information. Parents or eligible students then have two weeks in which to advise the District, in accordance with such regulations of any or all items which they refuse to permit as directory information about that student.

To carry out their responsibilities, school officials have access to student education records for legitimate education purposes. The District uses the criteria set forth under administrative regulations to determine who are "school officials" and what constitutes "legitimate educational interests":

Other than requests as described above, school officials release information from or permit access to, a student's education records only with the prior written consent of a parent or eligible student except that the Superintendent or a person designated in writing by the Superintendent may permit disclosure in certain limited circumstances outlined under administrative regulations (e.g., transfers to another school district or to comply with judicial order or subpoena or were warranted, in a health or safety emergency, etc.).

The District maintains, in accordance with administrative regulations, an accurate record of all request to disclose information from, or to permit access to, a student's education records and of information disclosed and access permitted.

~Answering Machines~

All phones in the school building are equipped with a voicemail feature to handle incoming calls before and after school hours. During the day, if that extension is busy, or the teacher is in class, you may leave a message in voicemail. Before and after hours, please listen to the prompts to get you to the correct extension.

Visitor Policy

When visiting Arcadia School during school hours, we ask that all visitors use the main entrance, facing Route 12. All other doors in the building are locked. Please 'buzz in' to the appropriate office, then proceed to that office for a visitors pass.

Thank you for your cooperation in helping us to maintain a safe environment for our students and staff.

Mission Statement

The mission of Arcadia Local School is to guarantee all graduates the knowledge and skills to succeed in an ever-changing world.

This will be accomplished by providing an enriched curriculum through innovative and individualized instruction delivered in an outstanding learning environment by a highly qualified staff in partnership with families and community.

School Delay, Emergency, Closing Information

Weather delays and cancellations are a part of our daily routine during the school year. Just a reminder that the safety of our students is our primary consideration when we delay or cancel school or an activity.

We will try to have our decision made by 6:15 a.m. The following stations will be notified of the decision:

WFIN-WKXA (1330/100.5)
 WBVI-WFOB (96.7/1430)
 WBUCK-WCKY-WPFX-WTTF
 (106.3/103.7/107.7/1600)
 TV Channel 11
 TV Channel 13
 TV Channel 24

The PreK-12 phone notification system will provide immediate information should a weather or emergency event occur. You may update your contact information at any time by calling 1-800-846-4976 from your primary phone number.
