- Color guard uniforms – need someone to help make these

## **Directors' Comments & Additional discussions**

### OMEA Scoring Changes

James discussed new scoring features for this year's competitions. 5 judges count (2 Music/2GE/1visual). Expanded superior ratings. New 100 point system. OMEA understands all schools/bands are dealing with multiple Freshman classes with the loss of last year's season.

James suggested he may remove 1 of the competitions due to the late school start and an already full schedule. Cloverleaf is currently scheduled for September 11, but will likely be removed.

Brandon is dealing with a large loss in choir members. Currently only 4 students are signed up for HS Choir. There has been a lot of turnover at Arcadia in the past few years in addition to changes for COVID.

Rose Koehler is a new parent to the group and joined us today. She expressed concern about the communication techniques currently used and we talked about ways to get the information out to parents in a more timely and consistent way. More discussion to be had on this.
