**Vision:** To develop and promote a distinguished athletics program that facilitates lifelong Arcadia School and individual pride.

**We Value:** Positive sportsmanship, exemplary work ethic, spirited competition, and every student, coach, and community participant

## Goals:

1. Provide thoughtful, intentional communication and instruction in sport
2. Promote participation in multiple athletic programs, fostering well-rounded athletic experiences
3. Support student-athletes in academic and athletic endeavors while keeping multidimensional aspects of wellness a priority (physical, mental, emotional, social, and intellectual) serving the whole child.
4. Engage and support coaches in program development and professional growth
5. Foster exceptional relationships and collaboration between school and broader community.

Arcadia Local School believes that the goals and objectives of this community are best achieved by a variety of learning experiences, including those that are not conducted in a regular classroom but are supplemental to an educational experience. Arcadia Local Schools has established the criteria for co-curricular and extracurricular activities consistent with its philosophy of and goals for education. All activity programs must meet these criteria:

- Student activities must have educational value for students.
- Student activities must be in balance with other curricular offerings in the schools & be supportive of, not in conjunction with the academic program.
- Student activities must be managed in a professional manner.

## **STATEMENT OF PURPOSE**

Arcadia Local Schools, is a member of the **Ohio High School Athletic Association (OHSAA)** with authorization of the local Board of Education. This state association with its Constitutions and Bylaws, govern, promote, regulate, and supervise interscholastic competition among its members in the state.

Arcadia Local Schools, is a member of the **Blanchard Valley Conference (BVC)**. Its present membership of this conference is made up of area schools managed by an athletic committee composed of the local superintendents or designated representative of each member school. All sporting activities in which at least one more than half of the members participate on a league basis may be approved as a league activity. The following are the BVC activities which Arcadia is competing in: Football, Volleyball, Golf, Boys' and Girls' Basketball, Boys' and Girls' Wrestling, Boys' and Girls' Track and Field, Baseball, and Softball. The BVC also determines the following for each member a schedule for each sport, appoints league game officials, sets and determines the admission prices, individual and team awards, and conducts a conference tournament whenever necessary.

The OHSAA/HS Principal of the school is held ultimately responsible in all matters pertaining to the athletic activities involving the school. Services and the duties performed by the Athletic Director, assistant Athletic Director(s), coaches, and Principal(s) assist in conducting a sound program of athletics at the local level. The primary objective of the Arcadia Athletic Department is to promote, regulate, supervise and administer interscholastic competition and to provide such a program as to be an integral factor in the total educational program of the school.

The Arcadia Athletic Council will follow the policies, procedures, and guidelines contained herein. Any amendments must be submitted to the school superintendent and the Board of Education for approval. The local Arcadia Athletic Council follows all local policies, with guidelines set forth by the Arcadia Board of Education, the OHSAA, and the Blanchard Valley Conference.

The Arcadia Athletic Department believes interscholastic sport opportunity exist for the purpose of:

1. Providing students who have interest and ability in sports an opportunity to pursue those interests and abilities.
2. Promote the student-athlete experience of important lessons of life, experienced through sport. As an example:
  - a. The opportunity to see that many limitations, physical/mental, can be conquered.*
  - b. The ability to accept limitations which cannot be overcome.*
  - c. The joys of teamwork as well as individual accomplishments.*
  - d. The ability to accept both victory and defeat gracefully.*
  - e. The opportunity to develop habits of health, fair play, initiative, emotional control.*
3. *Providing tangible values for the student body. Athletics can make a substantial contribution to morale and can provide an outlet for enthusiasm.*
4. *Making sure the welfare of the individual student is always to be the primary concern. **The game exists for the student – never the student for the game.***

While a desire to compete and to win is a primary objective of our athletic programs, the Arcadia Athletic Department feels life lessons may be more easily taught in a winning environment. However, the general philosophy is guided by the policies of the Board of Education which must emphasize not merely the winning of games, but the development of team and self-discipline, cooperation, and sportsmanship on the part of the students, the faculty, and the residents of the Arcadia School District. We as a community need to understand that participation in an athletic activity is a privilege not a right.

## **STUDENT ATHLETE HANDBOOK**

The Student-Athlete Handbook & Code of Conduct (student-athlete & parent expectations) exist so athletes and their parents may better understand their responsibilities and rights when a student-athlete participates in Arcadia Local Schools athletic programs. Parents and athletes, we urge you to read all information carefully so that you knowingly understand, acknowledge, and agree to all forms, policies and procedures set forth in this code of conduct.

In order for a student to participate in athletics at Arcadia Local School the following pages must be read and signed verifying your acceptance of the following conditions.

A current physical form must be on file before a student participates. Physicals are only valid for one calendar year.

### **PHILOSOPHY**

Arcadia student-athletes represent our school community in more ways than the general student body does, and because of that – are held to a higher standard.

No one is guaranteed a place on our teams. Participation in interscholastic athletics is a privilege, not a right. An opportunity to participate is afforded to student-athletes where coaches consider sport-based skill or talent, academic ability – game IQ, emotional control, cooperation, leadership, a positive attitude, trust, responsibility, and self-discipline. All of which contribute to a conducive team environment and fosters on and off-field success.

Student-athlete conduct while representing their team – traveling to or from an event, or in the community, is seen as a direct reflection of Arcadia Local Schools and standards of the Arcadia Athletic Department. Upholding these Redskins standards are non-negotiable for our student-athletes.

When our student-athletes fall short on upholding these standards and do not positively represent their team, school, and community must understand – consequences may extend beyond the school year into a new school year.

Thank you for a commitment to represent the best of Arcadia Athletics on the field, sidelines, hallways, and in our community.

The Arcadia Board of Education and Athletic Council recognize all of the above activities as extra-curricular privileges afforded the students of Arcadia Local Schools. Because they are privileges, they may be revoked at any time for any reason. Therefore, student-athletes are subject to additional rules, procedures, and expectations beyond those of the general student population as detailed in the Arcadia Athletic Code of Conduct.

## ADMINISTRATIVE CHAIN OF COMMAND

The Athletic Director is responsible for all areas of interscholastic athletics and reports to the Principal for all matters therein. Coaches should follow the line of authority on all matters pertinent to the athletic program. If, however, a coach feels that a matter should be discussed with the Principal it shall be permitted. The Principal however, may request the Athletic Director be present. Ethical procedure demands issues in the athletic program originating at any level shall proceed upwards through each office of responsibility, or inversely, it shall follow the same line of authority downward. To bypass any office not only delays consideration, but causes misunderstanding creating an atmosphere incompatible with harmonious procedure.

## **CONCERNS/COMPLAINTS**

With few exceptions, the chain of command should be followed in dealing with problems, questions, or complaints. Do not confront coaches before or after contests or practices. Call to set up an appointment with the coach. If a meeting with the coach did not result in a satisfactory resolution, then call to set-up an appointment with the Athletic Directors. Failure to follow chain of command will only delay any resolution.

The chain of command is as follows:

- |   |                       |
|---|-----------------------|
| 1. Direct Coach (JV, Freshman, Junior High) | 4. Principal          |
| 2. Head Coach                               | 5. Superintendent     |
| 3. Athletic Director                        | 6. Board of Education |

Inappropriate issues to discuss with coaches:

- |                  |                           |
|------------------|---------------------------|
| 1. Game strategy | 3. Playing time           |
| 2. Play calling  | 4. Other student athletes |

## **PARTICIPATION STATEMENT**

Students, grades 7-12 who wish to participate in an Arcadia Athletics must be willing to accept and adhere to guidelines, rules, and regulations of the activity that they have chosen to participate in. Students are expected to maintain a high standard of personal appearance and exhibit acceptable conduct at all times as a representative of the Arcadia School community. Prior to any practice for any sport or activity under Arcadia Athletic jurisdiction, coaches are to hold a meeting for parents and student-athletes for the purpose of reviewing participation rules, additional training rules specific to that sport or activity, safety procedures, and good sportsmanship.

The Arcadia Athletic Code of Conduct will be in effect for all athletes from the first day of the school year until dismissal on the last day of school with the following exceptions:

- The policy will commence for student-athletes in fall sports as their first day of practice according to the OHSAA official start date.
- The policy will remain in effect for athletes in spring sports (Baseball, Softball, and Track and Field) until their team and all teammates are done competing for the season.

The Athletic handbook applies to all students in grades 7-12 of the school. Students during the full duration of their athletic career must adhere to it. Students are subject to this policy when they declare their interest in athletic participation. They will remain subject to this policy for the dates listed above which could include time before the official start of their season and/or official end of the season. In other words, this policy is in effect for all student-athletes for the entire school year, regardless of their number of seasons.

Some classes are worth 1 full credit; some ½ credit; etc. A student in grades 7-8 must have received passing grades in the immediately preceding grading period in 75% of subjects in which enrolled. This also applies to beginning 9th graders. Summer school grades may not be used for eligibility purposes. In addition, the Arcadia Board of Education requires that student athletes must maintain a minimum GPA of 1.70. If the athlete's quarter GPA is below the 1.70, the student athlete is required to follow study table guidelines to maintain eligibility. Any student suspended from school will be ineligible for the period of suspension. No student shall participate in any school activity on the day of a suspension.

## **DRUG TESTING FOR STUDENT ATHLETES**

The policy is designed to help students and parents cope with drug, alcohol and tobacco use. Therefore, the policy is in place to provide guidelines for each student/family to receive assistance as needed. Accordingly, the policies established by the Arcadia Schools' administration are based upon the following beliefs:

1. We believe that there is no such thing as responsible use of controlled substances/mood altering chemicals, alcohol, nicotine products or tobacco by any high school student. Adolescent use is not only against the law---it jeopardizes the student's health and safety, and it inhibits attainment of the individual's potential. Therefore, any use of controlled substances/mood altering drugs, alcohol, nicotine products, or tobacco by student athletes will not be tolerated.
2. We believe that participation in athletics is a privilege, not a right. Student athletes are in a highly visible setting of leadership and/or competition/performance. Therefore, these student athletes will be held to a higher accountability of conduct and behavior than the student who chooses neither to participate nor to represent Arcadia Schools.
3. We believe that the parent/guardian(s) of a student athlete have a right to be informed. Therefore, the parent/guardian/custodian(s) will be contacted by school staff regarding findings.
4. We believe that violating the drug policy in a school or community setting reflects poorly on the individual, family, team/organization and school. Therefore, violations of this nature will carry penalties in regard to competition/contests/performances.
5. We believe that the coaches, trainers, guidance counselor and administration are interrelated.

Therefore, these departments must share information in an effort to promote a lifestyle among students that is drug, alcohol and tobacco free. Professional judgment will be used regarding the sharing of confidential information shared with school staff; however, we believe that when all resources are called upon for assistance, more help can be provided to the student.

## **PURPOSE**

1. To provide a healthy and safe environment to all student athletes participating in the athletic program.
2. To discourage or provide a deterrence for all student athletes from using drugs or alcohol.
3. To provide solutions for the student athlete who does use drugs and/or alcohol.
4. To provide the athletic department with guidelines and disciplinary policies for violations of the drug free policy.

12. Any suspicion of tampering with the sample will be brought to the tester's attention. The sample will be sent to the lab for immediate confirmation of tampering.
13. The sample must be taken in one attempt and be at least 30 ml in size. The student must hand the cup to the lab technician.
14. Students are not to flush the toilets. In the event that a student flushes the toilet, they will be required to give a new sample immediately or the sample will be invalid.
15. With the student watching, the technician will recap the sample and hand it to the student who must then return it to the technician. In the event the student does not hand the cup directly to the technician, the sample is invalid and a new sample must be taken. If the student leaves the collection area or walks out to talk to anyone, the sample is invalid and the student will have to give another sample.
16. Any infringement of these rules will result in the student taking a retest.
17. This collection procedure is subject to change because of procedural requirements by the testing agency. The Arcadia Local Schools reserves the right to change the collection procedure to coincide with the testing guidelines as set forth by the agency.

Disciplinary action based on reasonable suspicion will be the responsibility of the Athletic Director and Principal.

## ATTENDANCE

All student-athletes are expected to be present and on time to every practice.

2. If a student-athlete is going to miss practice they must notify their coach prior.

An out-of-school suspension on a Friday will make student-athlete ineligible for weekend contests and practices. To participate in an athletic contest or practice, a student-athlete must be in attendance before 3rd period begins. In addition, a student must be in school on Friday before 3rd period begins in order to participate in athletic contests over the weekend.  
Exceptions: Field trips, college visits (2 per year), funerals, doctor or dentist appointments, driver's permit exams, and family emergencies, excused by the Principal. Student-athletes must be able to verify their appointments; if not, they will be denied participation.

## ACADEMICS

You are expected to be a student first and student-athlete second. Treat yourself with proper respect. To be a member of a team for Arcadia Local School, you must attend class regularly and represent the team by being respectful to other students and staff. Poor behavior and low achievement make all of us look bad. The academic and behavior of all team members will be monitored throughout the school year.

## COMMUNICATION PROCESS

Coaches are hired to administer the program. They are responsible for determining the roster, assessing student-athletes, and assigning playing levels accordingly. The coaching staff sets the standards/expectations specific to their program. Playing time is earned and at the discretion of the coaching staff. Participation is a privilege, not a right, and can be revoked at any time. The coaching staff determines the coaching strategy. Acceptance of a position on the team includes acceptance of this policy. Therefore, these issues are not appropriate topics for parent involvement, and discussions with coaches are discouraged. It is NEVER acceptable for a parent to attempt to discuss playing time with a coach during a game or practice. It is also NEVER acceptable for a parent to attempt to discuss another participant's performance or playing time.

Head Coach, student-athlete, and/or parent meetings may help to resolve OTHER issues creating concern or dissatisfaction. Such meetings MUST be scheduled beforehand and will be on campus. Any meeting with a parent may also include an assistant coach and/or an administrator. Meetings can be scheduled by contacting the specific coach through email or via the communication process set-up at the beginning of the season. If a meeting is requested, it should be done through the specific coach or the Athletic Department. The vast majority of student-athlete concerns will be worked out at this level. During the season, parents WILL NOT discuss student-athlete concerns (other than injuries) within the time period of 24 hours before a game to 24 hours after a game. A parent may send an email, but a response should not be expected within this time period.

## **INJURIES/HEALTH CONCERNS**

If you have an injury or health concern, please schedule a time to see the Coaches before going to a doctor unless it's an emergency. Coaches will notify parents of any injury that occurs during a practice that needs more than ice or a simple Band-Aid. Players should report any updates on medical conditions or medications being taken to all of the coaches. Players should also report health conditions to all of the coaches so appropriate action can be taken that is needed. Any player injured and not participating in practice will spend practice cheering on their teammates. If a player is injured and out two weeks of practice, the player must have ten days of contact practice before they may return to play or five practices if released by a doctor providing a note. If a player shows any sign of concussion or talks of dizziness and feeling sick, the player should inform the coaches so that appropriate action can be taken to ensure that all student-athletes are well enough to participate. Players must communicate with all coaches if they are not feeling well or have an injury that needs assessment.

## **PARENT EXPECTATIONS**

Be positive with your athlete. Let them know you are proud they are participating. Focus on the benefits of teamwork and personal discipline.

Encourage your athlete to follow all training rules. Stress the importance of a commitment to the team. Set a good example in your lifestyle. Allow your athlete to perform and progress at a level consistent with ability.

Stay calm in injury situations. Parents can help minimize the trauma by being in control and offering comfort. Allow medical staff to assess your child's injury. No parent is allowed on the court unless the training staff requests it.

Cheer for our team and players. Realize that young athletes will make mistakes. Your support is needed during these tough times. Remember, opponents and referees deserve respect.

Promote having fun and being a team player. Very few student-athletes receive scholarships. Concentrate on what is best for the team. Preoccupation with statistics can be very distracting. An athlete's self-confidence and self-image will be improved by support at home.

**Comparison to others is discouraged.** Encourage the athlete to do their best regardless of others' expectations or performances. Athletes mature at different ages; some are more gifted than others.

**Winning is fun, but building positive team values is most important.** The concept of working together to perform a task will have lasting benefits. Winning is a by-product of a positive, team-focused environment.

**Find the time to be an engaged supporter of school activities.** Help build a solid support system for coaches and athletes by joining the Arcadia Athletic Association (booster club). Volunteer for athletic community events.

**Emphasize the importance of well-balanced meals and regular sleep patterns.** An athlete functions best when care is taken to consume nutritious food and obtain sufficient rest.

**Persistence and being able to accept a role are extremely important for the team to be successful.** Not everyone will be a starter, but everyone is important to the team. Encourage them to be persistent.

## **FAN REMOVAL POLICY**

Fans are expected to participate as positive, enthusiastic supporters of Arcadia Athletics or their respective opponents. At no time will poor sporting behaviors be tolerated.

**1<sup>st</sup> offense** – Fans who are removed from a contest by an Athletic official or school administrator are prohibited from the remainder of that contests, and all school contests on that same day. Fan will receive letter of warning after the removal, with expected sporting behaviors to review and sign agreement to return to Arcadia Athletic contests.

Fans committing certain offenses will lose privileges to attend (2) Home Arcadia Athletic events until remedial steps are completed and privileges are reinstated by the Athletic Director. These offenses may include but are not limited to:

- Harassment of student-athletes, coaches, officials, or event administrators

- Fighting or threat of violence

- Foul or abusive language

This determination is at the discretion of the athletic event manager and school administrator.

**2<sup>nd</sup> offense** – Any fan removed or ejected from an Arcadia Athletic contest a second time, will be required to complete an online Sportsmanship class offered by National Federation of State High School Association (NFHS). Adults will be required to complete the "Positive Sports Parenting" class while students will complete "Sportsmanship" class. Both classes are free at [www.NFHSlearn.com](http://www.NFHSlearn.com)

After completion of the online class, they must schedule a conference with the Athletic Director and Principal to submit certificate of completion and discuss appropriate fan behaviors to reach good standing and be permitted to attend future athletic contests.

**3<sup>rd</sup> offense** – Any fan removed or ejected from an Arcadia Athletic contest a third time in a school year shall lose privileges to attend any Arcadia Local School Athletic events at home and away for one calendar year. Fans who commit sportsmanship offenses resulting in removal or ejection may be subject to attendance restrictions at any Arcadia Athletic event home and away.
